SAP SuccessFactors HCM Suite: Success is simply human

Today’s rapidly and continuously changing business environment demands greater agility than ever and the ability to quickly develop new strategies as circumstances evolve. But, it’s also critical to be able to execute those strategies rapidly and effectively.

A Harvard Business Review study\(^1\) revealed that almost 40% of the company’s strategy is diluted due to poor execution. It’s no wonder that a Conference Board survey\(^2\) of 180 CEOs showed that execution related issues were among the top three concerns.

It’s the people inside the company that execute the strategies, so companies that want to set-up for success know they need a business solution to optimize their workforce for today and prepare it for tomorrow.

SAP SuccessFactors HCM Suite is that solution. SAP SuccessFactors improves executive insight and decision-making while ensuring you have the right people with the right skills doing the right work.
